PROGRAM ACTIVITIES

1. Tour of Rabat

Rabat, the capital of Morocco, is an elegant city that follows the usual structure of major Moroccan imperial cities with the original downtown, which is called medina, surrounded by new modern neighborhoods.

Rabat is rather quiet and is home to many tourist attractions such as: The Casbah of the Oudayas and King Mohammed V Mausoleum. A tour of Rabat is organized for program participants at the beginning of the program.

2. Arabic Calligraphy Workshop

Arabic calligraphy is the artistic practice of handwriting and calligraphy based on the alphabet. It is known in Arabic as khatt (Arabic: خط), derived from the word 'line', 'design', or 'construction'. The Kufi model, featured here, is the oldest form and most widely used of the Arabic script. A practical calligraphy workshop is organized for the benefit of students.

3. Visit to Weekly Souq in Sidi Allal Al-Bahraoui

Souks and markets are a major feature in Moroccan life, and among the country's greatest attractions. Each major city and town in Morocco has a special weekly souk.

Villages in the country-side also have local souks which are usually held one day each week in an open field or outside the walled town squares. Making a Souk visit is one of the most significant learning experience.

TESTIMONIAL

Kayla Zamanian, USA, Summer School 2018

“My experience in Morocco and at UIR can be summed up simply as a story of human kindness, generosity, and liberated learning. I am eternally grateful that UIR... guided me with a team of the most selfless, wise, and genuine intellects I’ve ever met—who provided me with a space and the resources to explore, discuss, and indulge in my greatest interests. My 3 weeks here in Morocco and at UIR are something that I will never forget. I have developed a new family, home, and persona here and I can’t wait to return.”
